- 3.7.1.3 Where the Company is prohibited from furnishing services by order of a court or other government authority having jurisdiction.
- 3.7.2 The Company may, without incurring any liability, cancel or suspend the provision of service or equipment for the following reasons: non-payment of any sum due to the Company from the Customer, whether pursuant to service offered under this price list or otherwise; or as a result of actions of a government agency which forces discontinuance of the provision of service or equipment; or for violation or threatened violation of any of the terms or conditions of this price list by the Customer or authorized user; or if the Customer becomes insolvent or bankrupt, or makes a general assignment for the benefit of creditors or as otherwise permitted by this price list.
- 3.7.3 The discontinuance of service by the Company pursuant to this Section does not relieve the Customer of any obligations to pay the Company for charges due and owed for service(s) furnished up to the time of discontinuance.
- 3.7.4 The remedies set forth herein shall not be exclusive and the Company shall at all times be entitled to all rights available to it under either law or equity.

This credit will be issued to the Customer or applied against the balance remaining on the Customer's account.
- 3.7.7 The Customer shall pay a cancellation charge for services that require special facilities dedicated to its use when the Customer cancels the order before service begins or prior to the expiration of the service term or if service is canceled for nonpayment or failure to make a requested deposit. The charge will be equal to the non-recoverable portion of expenditures or liabilities incurred expressly for the Customer and the sum of the monthly recurring or minimum usage amount remaining through the end of the term. The Customer is liable for any charges assessed by the interconnecting telephone company providing the dedicated local access line.

3.8 DETERMINATION AND RENDERING OF CHARGES

- 3.8.1 For the purpose of billing, service will be deemed to be started on the day the service and its associated equipment, if any, is installed. Where billing is based upon Customer usage, Customers will be billed for all usage commencing on the date usage begins.
- 3.8.2 Subject to the Company's right to cancel or suspend services as otherwise provided in these terms and conditions, the minimum service period is 30 days.
- 3.8.3 All monthly recurring charges are billed one month in advance. Initial and final month's billing, when the

- 3.8.4 Usage charges are billed monthly for the preceding billing period. For periods less than the monthly billing period, minimum usage charges are prorated at 1/30th of the monthly minimum amount for each day the service was rendered.
- 3.8.5 The duration of a call is rated in intervals of the billing increments described for each service provided in these terms and conditions. If the final interval of a call is less than the applicable billing increment, it will be rounded up to a full increment for purposes of billing.
- 3.8.6 Computed usage charges or credits for each call are rounded to the nearest cent when possible.

3.9 TIMING OF CALLS

- 3.9.1 Billable time for service is the duration of time between the called station answering and the called orcalling station disconnecting, provided duration may be rounded in accordance with specific descriptions in these terms and conditions.

3.10 FRACTIONAL CHARGES

- 3.10.1 Charges for a fractional part of a month are calculated by counting the number of days remaining in the billing period after service is furnished. Divide that number of days figure by thirty days (billing period). The result is then multiplied by the applicable monthly service charge to arrive at the appropriate fractional monthly service charge.
- 3.10.2 For each call the minimum charge shall be the applicable charge for the initial billing increment of use with use in excess of the initial billing increment during a call charged at the applicable rate per minute with the fractional billing increments, if any, of each call rounded up to the next highest whole billing increment.
- 3.10.3 All per call charges of fractional cents shall be rounded to the next full cent unless otherwise stated in the specific product description (Section 4).

- 3.11.6 Waiver. If either Customer or Company does not enforce any right or remedy available under these Terms and Conditions, that failure is not a waiver of the right or remedy for any other breach or failure by the other party. Company's waiver of any requirement in any one instance is not a general waiver of that requirement and does not amend these Terms and Conditions.
- 3.11.7 Headings. Section headings are for descriptive purposes only and are not used to interpret these Terms and Conditions.
